

ANGELA GARRIDO (CHIBI)

GLOBAL COMMUNITY LEAD

WEB3 • COMMUNITY & PRODUCT OPERATIONS

Profile

Community Lead with 5+ years of experience building and scaling Web3 communities across Discord and decentralized ecosystems. Experienced in community strategy, ecosystem engagement, events, moderation, and translating community feedback into actionable improvements alongside product and engineering teams. Passionate about creating welcoming spaces where users and contributors can connect, collaborate, and grow.

EXPERIENCE

COMMUNITY & PRODUCT OPERATIONS LEAD

Collab.Land | Remote

Dec 2022 - Present

- Lead community engagement and operations for a global Web3 ecosystem of 50,000+ members across Discord, Freshdesk, and support channels.
- Hosted 100+ community events including AMAs, developer discussions, product updates, educational sessions, and ecosystem initiatives.
- Partner with product, engineering, and leadership teams to translate community feedback into product improvements, onboarding experiences, and ecosystem initiatives.
- Create documentation, tutorials, onboarding resources, and announcements to improve user education, adoption, and engagement.
- Support product launches, DAO initiatives, and ecosystem campaigns through community education, feedback collection, and user advocacy.
- Triage technical issues, reproduce bugs, create GitHub reports, and collaborate with engineers to improve product reliability and user experience.
- Manage support operations and moderation workflows, resolving user issues while maintaining a safe, welcoming community environment.
- Collaborate with developers and ecosystem partners to support adoption of Web3 tools, DAO features, and decentralized community initiatives.

COMMUNITY MANAGER

Curio NFT | Remote

Mar 2022 - Oct 2022

- Built and engaged Web3 communities across Discord and social platforms for a music NFT ecosystem.
- Organized AMAs, community events, campaigns, and engagement initiatives to strengthen member relationships.
- Created announcements, educational content, and promotional materials to support new drops, partnerships, and community growth.
- Moderated discussions, resolved conflicts, and maintained a welcoming environment for community members.

Remote • Global / EST-friendly. Based part-time in Canada and Argentina

COMMUNITY MODERATOR

Banano.cc | Remote

Nov 2018 - Aug 2020

- Selected by the Banano core team to join the official moderation team after demonstrating strong community engagement and conflict resolution.
- Helped build and grow one of the most active Latin American communities in the Banano ecosystem through moderation, education, and daily engagement.
- Planned community events, games, tournaments, giveaways, and educational initiatives while managing community rewards that encouraged participation.
- Introduced newcomers to cryptocurrency and Web3 concepts, helping onboard new users in an approachable and welcoming way.
- Collaborated with an international moderation team to translate content, coordinate initiatives, support meetups, and contribute to charity events across Latin America.
